THE ECHO

WITH THE PASSING OF TIME, THE ECHOES OF OUR SCHOOL LIFE WILL GROW FAINTER AND FAINTER, AND THEN DIE AWAY. GONE FOREVER WILL BE THE ROUTINE OF SCHOOL LIFE, THE FUN WE HAD, AND THE FRIENDS WE MADE. IT IS THE HOPE OF THE 1961 ECHO STAFF THAT, AS YOU GLANCE THROUGH THIS BOOK IN YEARS TO COME, YOU WILL RECAPTURE THOSE MOMENTS - - - - AND THE ECHOES WILL BEGIN AGAIN.

Message From Board of Education

It is notable that our country possesses spectacular scenery, numerous libraries, and churches of all creeds. But it is far more noteworthy that an American can choose freely among these opportunities, for the joy of freedom inspires a beauty in the soul that far surpasses that of any writing or scene.

Message From Principal

In a democracy such as ours, social progress depends on the wisdom of the entire population. No dictatorship, regardless of its brilliance, can equal the combined mental resources of a well educated population in a free society. It is therefore important that education include everyone. Just as the best medicine of fifty years ago is no longer adequate, so educational procedure of fifty, or even twenty years ago, is inadequate today. The world is changing rapidly, and education must change with it. In the light of this, we need continually to re-evaluate and improve our educational program. We can never go back to the days of "good old-fashioned" education.

CLASS HISTORY

August, 1957--the beginning of the beginning! A group of nervous young boys and girls cautiously approached Tripoli High. All were so eager to join this higher class of society and yet were so apprehensive. Would they like us? There was no need to worry; they welcomed us with smiles and were glad we were with them, although doubts did cross our minds during initiation. After the initiation we gave a return dance, and then settled down to study.

August, 1958--we were sophomores. The only event to break the long year for us was the beating of the freshmen with poles and whips.

1959--1960--a wonderful year. We began by treating the public to our acting ability, though "treating" may not be the word. At least we tried hard, and it was a lot of fun. Oh--you want to know the names of the plays? They were: "Submerged," "House of Greed," and "Ruffles and Roller Skates."

Then came our prom--the biggest event of our junior year. After much thought we decided the theme would be about the sea. We called it "La Mer," the sea. We decorated the walls with mermaids and starfish. The stage, being the center of attraction, held the biggest mermaid. She was sitting in a ten-foot shell. The most wonderful thing about the prom was the response from the people. We had a foot of snow on the ground, a blizzard going strong, but--they came; they came till the gym was packed. We knew then that we had the nicest community in the world backing us. The post prom followed the next week; there was another big turnout and a happy junior class. Yes, now we knew for sure that everyone liked us.

August, 1960--the beginning of the end! Our senior year! We were top-brass now. We felt it our duty to entertain, so we gave a play, "The Curly Tale." It was about a western family visiting New York. Producing was a lot of fun, and thanks to Mrs. Watson, a success.

We are planning a trip to Washington D.C. in May. The money for it was earned through candy sales, plays, dances, and a number of other extra-curricular activities.

Now we are waiting, waiting with the same feelings we had four years ago--waiting with an eagerness to see the world, to work, to go on to school. On May 19, we will no longer wait--we will do--for this is graduation night--the end of four happy years and the beginning of many more.

SENIOR CLASS PLAY

THE CURLEY TALE

The Curleys from Oklahoma won a trip to the Big City from the Cattle Growers Association for being the "Outstanding Ranch Family of the year." Their happy, care free spirits kept Amy Wilder, their press agent in a dither; but everyone else, from M. Gaston, the hotel chef, to Grant Morgan, the press photographer, was completely captivated. Even little Millie Carpenter, an old neighbor who had gone to the city to become an actress succumbed and promised to come home to marry Linc, the older son of the Curleys. Lex, the younger son, won \$100,000.00 when he got into the wrong TV studio. Rose usually could be found in the kitchen of M. Gaston while Dan rode in parades or got into scraps with robbers. In fact, everyone had a good time in the Big City.

"There it is, Rose, the big city!"

"Hey, Amy! The party's just getting good! Where are you going?"
